

Bob That Head

Rascal Flatts

Tricked out truck kid
Running boards black lit
KC roll bar
Had to mow an extra yard
(just so he could)
Install satellite
Rascal Flattin' all night
King cab base tub
Stop light boom boom
5 days all week
2 jobs
So he can
Bob that head
Every Friday night
Got the windows rolled down
The seat reclined
Giving everybody that rock on sign
Yeah, turn it up to 10
Hey, ya'll join in
Bob that head Hot girl wants a ride climbs up inside
Feeling that rhythm right along with him
Now he's cruising don't wanna loose it
Loops around Sonic and right back on it
Low gear, drive by
Up and down that's right
Bob that head
Every Friday night
Got the windows rolled down
The seat reclined
Giving everybody that rock on sign
Yeah, turn it up to 10
Hey, ya'll join in
Bob that head Come on, feels good
Let it go, shake it loose
Don't it make you, Wanna bob that head
Every Friday night
Got the windows rolled down
The seat reclined
Giving everybody that rock on sign
Yeah, turn it up to 10
Hey, ya'll join in
Come on, let the part begin,

Let's do it againBob that headBob that head
Every Friday night
Bob that head
Yeah, yeah, yeah, bob that head
