

Jurassic Park

Stand Atlantic

(Dancing with ghosts in your garden)
(Dancing with ghosts in your gar...)Wiped out on the kitchen floor
Comets killing dinosaurs
Heavy sunken eyes, seen it all
You're not fucking wise anymore
Head fueling your army south
Candy in your cotton mouth
Feeling compromised, seen it all
Don't wanna see you hide anymore
Been here before
(Dancing with ghosts in your garden)
Lost dinosaur
(Dancing with ghosts)We're dressing skeletons, oh
Like a funeral home wrapped in your basement below
Dancing with ghosts in your garden
And I'll never know who you do it for
Lost dinosaur
(Dancing with ghosts in your garden)Vomit in apologies
Not serving them honestly
Break your fingertips, starting wars
You couldn't get a grip so you die a little more
Been here before
(Dancing with ghosts in your garden)
Lost dinosaur
We're dressing skeletons, oh
Like a funeral home wrapped in your basement below
Dancing with ghosts in your garden
And I'll never know who you do it for
Lost dinosaur
(Dancing with ghosts in your garden)
(Dancing with ghosts in your garden)(Whoa-oh-oh-oh)We're dressing skeletons, oh
Like a funeral home wrapped in your basement below
Dancing with ghosts in your garden
And I'll never know who you do it for
Lost dinosaur
(Dancing with ghosts in your garden)
