

Born Too Slow

The Crystal Method

"Born Too Slow"
Just like seventies goofballs
he's waiting on last calls
well listen method man
'cause if you leave on the last line
don't leave on the ground kind
born just a little too slow
just a little too slow
just a little too
oh, your lives are more than two
just a little too
oh, just a little too
'cause if ya picture the wrong kind
you'll know you'll be turnin' blind
got outta your head
bangin' tail just the wrong way
you'll know that you're turnin' grey
i'm just a little too slow
oh, your lives are more than two, more than two, more than two,
slow
oh, your lives are more than two
just a little too
just a little too
your lives are more than two
just a little too
oh, your your life's a born in two
just a little too slow
'cause if you leave on the last line
don't leave on the ground kind
well listen method man
cause if you leave him callin'
you'll know you'll be fallin'
lights are bummin' low
your shot off and bum and go
lives are bummin' low
your shot off and bum and go
born just a little too slow
