

Revolve

Nine Days

I wanna crawl inside your womb
I wanna watch the rose on your cheeks bloom
I wanna be the face in the moon
And watch the stars spin around your room
All your carefully worded letters
And your carefully spoken words I will continue to evolve
I will continue to revolve around your sun
'Cause you are the only one
Who understands
Who reaches out with both hands
Even while you're fading
I'm just shivering and waiting
I will continue to evolve
I will continue to revolve around your sun
'Cause you are the only one
I wanna drink deep from your well
I wanna be the heart for which you fell
I wanna be a shooting star
Across the heavens to be where you are
All your carefully worded letters
And your carefully spoken words I will continue to evolve
I will continue to revolve around your sun
'Cause you are the only one
Who understands
Who reaches out with both hands
Even while you're fading
I'm just shivering and waiting
I will continue to evolve
I will continue to revolve around your sun
'Cause you are the only one
I wanna crawl inside your womb
I wanna watch the rose on your cheeks bloom I will continue to evolve
I will continue to revolve around your sun
'Cause you are the only one
Who understands
Who reaches out with both hands
And even while your fading 'Cause you are the only one
Who understands
Who reaches out with both hands
Even while your fading
I'm just shivering and waiting
I will continue to evolve

I will continue to revolve around your sun
'Cause you are the only one I'm missing out
You're missing out
I'm missing out
You are the only one
We're missing out
I'm missing out
You're missing out
I'm missing out
You are the only one
We're missing out
