Rollin' up with you know  
Going down cus' you know weve been going all night long  
Maxing out the debit, cashing out and flexing yeah you know im off on my zone  
Right now my nights half full time to grab me some more and put more in it eight now my  
whole Squad lit we some young wild kids so just roll with it  
I get home and play back the whole night oh my god we too wrong  
Thats when you hit me up swear id wish you would leave me alone  
i swear i think better when im ON  
And everything it good when we ON  
So till Further notice ill be ON  
Good vibes coming in strong clique full of real ones all you know we still up  
Going  
Going

Right now my nights half full time to grab me some more and put more in it eight now my  
whole Squad lit we some young wild kids so just roll with it  
I get home and play back the whole night oh my god we too wrong  
Thats when you hit me up swear id wish you would leave me alone
