

I Don't Care Who Sees

Devin Dawson

I picked you up
I picked the place, I couldn't wait to show you off on my arm
I held the door, I held your hand, even hung your jacket on the back of your chair
At the bar, but I just remembered I forgot one thing
Never got that kiss before we got out the car
You know, I know
The right way to treat a woman
When everybodys lookin' but I, I can't lie (no)
When you put your hand there on my knee
And get that look up in your eyes
A crowded room don't mean a thing and I don't mean to cause a scene
If you want to we can leave but girl, right now
I don't care who sees (I was leanin' in for a kiss, I'm givin' in)
Even though it ain't like me
You see that couple on the right?
No they ain't thinkin' twice
Cause all I'm thinkin' baby, why should we
Cause everybody here can tell, that I just can't help myself
If they could see the way you look at me, Oh
You know, I know, yeah
The right way to treat a woman
When everybodys lookin' but I, I can't lie (no)
When you put your hand there on my knee
And get that look up in your eyes
A crowded room don't mean a thing and I don't mean to cause a scene
If you want to we can leave but girl, right now
I don't care who sees (I was leanin' in for a kiss, I'm givin' in)
Even though it ain't like me
I don't care, I don't care
I ain't tryin' to spotlight
Yeah, all I'm sayin' is, we ain't gotta hide it
But you know, I know, yeah
The right way to treat a woman
When everybodys lookin' but I, I can't lie (no)
When you put your hand there on my knee
And get that look up in your eyes
A crowded room don't mean a thing and I don't mean to cause a scene
If you want to we can leave but girl, right now
I don't care who sees (I was leanin' in for a kiss, I'm givin' in)
(I was leanin' in for another kiss, I'm givin' in)
I don't care who sees
(I jus wanna know if I'm comin' on, a little strong)

And Girl that's just between you and me, and I don't care who sees.
