

# Wrong Side of Memphis

Trisha Yearwood

I've been livin' on the wrong side of Memphis  
Really breakin' away this time  
A full tank of gas and a '69 Tempest  
Takin' me to that Nashville sign No turnin' back, I've come too far  
Headed down 40 with my old guitar  
This ain't Graceland well that's a fact  
And I ain't drivin' a pink Cadillac I've been livin' on the wrong side of Memphis  
Gonna bronze these blue suede shoes  
These cowboy boots are gettin' kinda restless  
Ain't gotta single thing to lose  
I've had this dream from a tender age  
Calling my name from the Opry stage  
I can hear it sing loud and clear  
200 miles and I'll be there I've been livin' on the wrong side of Memphis  
Really breakin' away this time  
A full tank of gas and a '69 Tempest  
Takin' me to that Nashville sign Yes I've been livin' on the wrong side of Memphis  
Gonna bronze these blue suede shoes  
These cowboy boots, gettin' kinda restless  
Ain't gotta single thing to lose  
I've been livin' on the wrong side of Memphis  
I've been livin' on the wrong side of Memphis  
I've got the cowboy boots and they're [Incomprehensible]  
I've been livin' on the wrong side of Memphis Full tank of gas and a '69 Tempest  
Takin' me to that Nashville sign
