

# What I Wanna

## MoStack

Yeah, yeah yeah, yeah yeah, yeah You know I party with savages  
In the club and I rass up the cannabis  
Rass and rass and rass 'em I think I lost my mind, I can't find that shit  
I'm reckless in this life I live  
I don't think sometimes  
I don't even know why, baby I just live my life  
I just do what I wanna, when I wanna, how I wanna  
Baby gyal I just do what I wanna, when I wanna, how I wanna  
I just do what I wanna, when I wanna, how I wanna  
I like to kiss and cuddle and what?  
Still a baddaman pon da baddaman block  
Big ass jacket in the Y, don't ask why  
Pass me the keys let me drive  
Cah you've been smoking too much skunk  
Plus I drive better when I'm drunk  
I treat the car like a go-kart  
Wouldn't-a bust that red light if I was sober  
I don't respect my olders  
I do what I want you can't tell me no  
I said I'm gonna be a star girl I told you so  
Don't be that guy that owes me dough  
Send my 'ooter down there with the chrome-y chrome  
She's like "when are you free?"  
Never bitch I cost, if you drop out me  
That's your loss, I switch countries like I switch socks  
Pull up, pull up when I drop that gloss  
I think I lost my mind, I can't find that shit  
I'm reckless in this life I live  
I don't think sometimes  
I don't even know why, baby I just live my life  
I just do what I wanna, when I wanna, how I wanna  
Baby gyal I just do what I wanna, when I wanna, how I wanna  
I just do what I wanna, when I wanna, how I wanna I saw this gyal at the zebra crossing  
Black and white gyal man it just feel like a zebra cross  
She said "can I get a lift?"  
My girl with the lisp, said can I get a kiss  
Indian gyal said I'm a bloody ghost  
'Cause all I do is hola then I adiós  
Hit the Caribbean store for some curry goat  
She said my meat taste good so she sucked the bone  
I'm with a white girl, dancing with some stamina  
She a wine to bashment while I'm grabbing her

She movin' like she got some black in her  
That was before I put my black in her  
I'm living so single and free  
I sit comfy, knowing no-one's cheating on me  
My gyal even put her arms around me  
She so comfy, she even fart around me I think I lost my mind, I can't find that shit  
I'm reckless in this life I live  
I don't think sometimes  
I don't even know why, baby I just live my life  
I just do what I wanna, when I wanna, how I wanna  
Baby gyal I just do what I wanna, when I wanna, how I wanna  
I just do what I wanna, when I wanna, how I wanna I could pull up in the car if I want to (I just  
do it, do it)  
Car if I want to (I just do it, do it)  
Take a girl yard if I want to (I just do it, do it)  
Go hard if I want to (I just do it, do it)  
I'm a hustler, I thought you knew that  
I could sell a Biggie Smalls album to 2Pac  
I'm a hustler, I thought you knew that  
I could sell a Biggie Smalls album to 2Pac I just do what I wanna, when I wanna, how I wanna I  
just do what I wanna, when I wanna, how I wanna
