

Bring It Back

Jibbs

Yeah yeah gone bring it back girl
Yeah yeah it's known for a fact girl Just get it on the floor and do what you do
Just get it on the floor and do what you do Yeah yeah gone bring it back girl
Yeah yeah it's known for a fact girl Beat you cant do it like that
I aint moving like that
Cause the track will break you break you back girl What you came here for if you aint planning
to move
Lets get it popping you aint got nothing to lose Just get it on the floor and do what you do
Let's get it on the floor and do what you do
Now I think its just time for you to move
Its time for you to hit a home run like a bat girl
Gone give it a test
Cause you could do it the best
Just be like Mitchell & Ness and throw it back girl
Get wit it have ball and hit with it
Trying to get with the crew
Just thought that I'd mention it
Cause I been with it
In fact I'm a throw a hit with it
Tried to blow ma mind when she turned around and spent with it
So we could take it on back to the floor ma
If you aint dancing than you looking at the door ma
And she al fall if she do a little more ma
Next thing she saw was the Lamborghini doors ha
Don't get it twisted I aint saying you could leave boo
Gone bring it back and you could show me what that thing do
Don't get it twisted I aint saying you could leave boo
Put it in reverse
Yeah yeah gone bring it back girl
Yeah yeah it's known for a fact girl Just get it on the floor and do what you do
Just get it on the floor and do what you do Yeah yeah gone bring it back girl

Im already knowing that she feeling the way that im flowing

Take the girl from her
And I'm a bring her out the lew
Letting her see the palm trees
Showing her how Cali do
from burning one to doing the bounce
then we hitting the crunk
As soon as we open them and any doors the party gone jump
As soon as we turn up the music the speakers go bump
and any body sitting down we gone tell 'em get upNow I think its just time for you to move
