

The Fear

Duke Dumont & Niia

Keep me company
You're like just anybody
My weakness, come for me
Oh, bad things into pleasure
One touch, set me free
Without you, incomplete
I'm here, patiently
Waitin' for you to rescue me
I'm in love with fear
I'm in love with fear
But you will never hold me
I'm in love with fear
I'm in love with fear
I'm in love with fear
But you will never hold me
Empty, still fallin'
Catch me, I'm all in
So sweet, the bitter
Taste of my tears
One touch, set me free
Without you, I'm incomplete
I'm here, patiently
Waitin' for you to rescue me
I'm in love with fear
I'm in love with fear
But you will never hold me
I'm in love with fear
I'm in love with fear
I'm in love with fear
But you will never hold me
I'm in love with fear
I'm in love with fear
I'm in love with fear
But you will never hold me
I'm in love with fear
I'm in love with fear
I'm in love with fear
But you will never hold me
