

# Music Matters (Axwell Remix) [feat. Cass Fox]

## Faithless

(Cass Fox)

For all those who stood up and were counted  
For all those for whom money was no motive  
For all those for whom music was a message

I want to thank you

For making me

A little more sure

A little more wise

And courageous You told me to look much further

You told me to walk much more

You told me that music matters

And to chase the dogs back from my door

I won't stop here

I won't be still until the sun sets

On us all...(Maxi Jazz)

Under the sheets with my radio

Turned down low

So nobody knows

It's the late night show

Hopin' to hear Hey Joe

Jimmy was my hero

Head blown by Type R or Wizard the true star

From Bamalama to Tanamo

Curtis Mayfield

Say Kurtis Blow

Singing into my pillow

And praying I don't doze

Until my 9 volt battery goes...

(Cass Fox)

You told me to look much further

You told me to walk much more

You told me that music matters

And to chase the dogs back from my door I won't stop here

I won't be still until the sun sets

On us all... You told me to look much further

You told me to walk much more

You told me that music matters

And to chase the dogs back from my door I won't stop here

I won't be still until the sun sets

On us all... You told me that music matters...

You told me that music matters...

You told me that music matters...

You told me that music matters...
