

# Failure's Not Flattering

## New Found Glory

What's your problem?  
Can't you see it?  
And you go and blow it  
Like everyone knows you will Don't leave this rock unturned  
'Cause you could like what you find  
A sure shot hit  
With your name attached to it  
Will you keep me in mind?  
I won't cast the first stone  
Or leave the first mark  
But I will leave a lasting impression  
You believe what you want  
And you said what's been said  
And I do hope you learn a lesson  
Ohh, do hope you learn a lesson  
What's your problem?  
Can't you see it?  
And you go and blow it  
Like everyone knows you will Don't look too hard for what you want  
'Cause it could be on the tip of your tounge  
You're holding back  
Like there's nothing left to it  
Could this be a false alarm?  
I won't cast the first stone  
Or leave the first mark  
But I will leave a lasting impression  
You believe what you want  
And you said what's been said  
And I do hope you learn a lesson  
Ohh, do hope you learn a lesson  
What's your problem?  
Can't you see it?  
And you go and blow it  
Like everyone knows you will Why don't you get it together now  
Failure's not flattering  
When will you show yourself?  
When will you show yourself?  
Ohh, do hope you learn a lesson  
Ohhhh, you'll never learn your lesson What's your problem?  
Can't you see it?  
And you go and blow it  
Like everyone knows you will What's your problem?

Can't you see it?  
And you go and blow it  
Like everyone knows you will
