

Polish Girl

Neon Indian

It's been at least another year
And still I haven't got the chance to say
Always rolling off the tongue Never said but nearly sung about a million ways
Every photograph and story
Trickled through the lengthy web of friends I overthought but understood
Distant look but looking good
And not the other way
But you, you fail to remember
You, you fail to remember Do I still cross your mind?
Your face still distorts the time Do I still cross your mind?
Your face still distorts the time With heat struck afternoons long through
Those idle dreams go back to you The echo seems somewhat displaced
Every form that's on her face, I'm drifting off to Motivate flirtation
The rest was made of constellations that I saw
Was this only in my head?
Just like most things go misread
When overthought But you, you fail to remember
Do I still cross your mind?
Your face still distorts the time
