

New Horizon

The Answer

I and me correct it,
Leave the past behind.
I'm a dead man walking,
But I walk for miles.
My addiction loaded,
Ready to cry. Forgive me father,
Don't return my soul to the wind.
Angel eyes saw the truth within.
Give me the strength to win. I'm searching for a new horizon,
Wanna break through to a new horizon.
No stoppin' on the way my bride and
Be on the line to a new horizon. Yeah, yeah, yeah!
Burn our prey,
Hover over me.
Eyes so hungry,
Gonna swallow me.
My imperfections,
I can't disguise
More emanation,
To reverse the tide. Forgive me father,
Don't return my soul to the wind.
I was born in the shroud of original sin.
Those your angel eyes saw the truth within,
Give me the strength to win. I'm searching for a new horizon,
I wanna break through to a new horizon.
No stoppin' on the way my bride and
Open my eyes to a new horizon.
Yeah, yeah, yeah! Those your angel eyes saw the truth within,
Give me the strength to win. A new horizon...
Yeah, yeah, yeah!
Yeah, yeah, yeah!
