Pigs In Zen

Jane's Addiction

```
Pig's in the mud
                When he tires
                 Pig's in zen
                 Pig's in zen
                 Pig is nude
                 Unashamed
                 Pig's in zen
        Pig's in zenTalkin bout the pig
                   The pig
                 The pig - uh
               Pa-pa-pa-pig
               Goddamned pig
               Pig mounts sow
              When he's wound
                 Pig's in zen
                 Pig's in zen
                 Pig eats shit
          But only when he hungers
                 Pig's in zen
        Pig's in zenTalkin bout the pig
                   The pig
                 The pig - uh
               Pa-pa-pa-pig
    Goddamned pigOh, I know about war
            But I just wanna fuck
I know about pain and suffering and being cold
            But I just wanna fuck
         The pig is led to the slaughter
          Pig is led to the slaughter
                 This he says
            Is the price some pay
               For a simple life
                How he feels
             Thats proof for him
        Pig's in zenTalkin bout the pig
                   The pig
                   The pig
                   The pig
                   The pig
                   The pig
               Goddamned pig
                 The pig - uh
