

# Good Enough

## Adelitas Way

I know what's coming  
You've taken me down this road before  
Something's missing  
Too many times you've let me know I am trying to make it  
The way it used to be  
Back when all you said that you'd need  
Was the best of me If I gave you the ocean  
You would ask for the sun  
But if I gave you that sunlight  
You would say it's not what you want And I give and I give and I give  
But I don't give up  
There was a time  
When my best was good enough  
Sometimes I wish  
I could walk away and not think twice  
I can't get past  
The thought of you in someone else's life Can I keep you if I try?  
Can I make it right? If I gave you the ocean  
You would ask for the sun  
But if I gave you that sunlight  
You would say it's not what you want And I give and I give and I give  
But I don't give up  
There was a time  
When my best was good enough Can I keep you if I try?  
Can I make it right?  
If I gave you the ocean  
You would ask for the sun  
But if I gave you that sunlight  
You would say it's not what you want And I give and I give and I give  
But I don't give up  
There was a time  
When my best was good enough There was a time  
When my best was good enough  
There was a time  
When my best was good enough
