

# Inca Roads

## Frank Zappa & The Mothers of Invention

Did a vehicle  
Come from somewhere out there  
Just to land in the Andes?  
Was it round  
And did it have  
A motor  
Or was it  
Something  
Different  
Did a vehicle  
Did a vehicle  
Did a vehicle  
Fly along the mountains  
And find a place to park itself  
Or did someone  
Build a place  
To leave a space  
For such a vehicle to land  
Did a vehicle  
Come from somewhere out there  
Did a vehicle  
Come from somewhere out there  
Did the indians, first on the bill  
Carve up the hill  
Did a booger-bear  
Come from somewhere out there  
Just to land in the Andes?  
Was she round  
And did she have a motor  
Or was she something different  
Guacamole Queen  
Guacamole Queen  
Guacamole Queen  
Guacamole Queen  
At the Armadillo in Austin Texas, her aura,  
Or did someone build a place  
Or leave a space for Chester's Thing to land  
(Chester's Thing... on Ruth)  
Did a booger-bear  
Come from somewhere out there  
Did a booger-bear  
Come from somewhere out there  
Did the Indians, first on the bill  
Carve up her hill  
On Ruth

On Ruth  
That's Ruth
