Understand this shit nigga learn about it  
Ay-thing a nigga spit need to know about it  
Understand this shit, nigga learn about it  
Ay-thing a nigga spit, nigga know about it  
Soak it up, boy, ya know, ya know  
Ya know, ya know, ya know Smebbin' down the street in my 7-0  
Bumpin' the beat sittin' on gold tippity toes  
Went to the track to buy me some hemp  
Some old nigga yells out, "40 you's a pimp" I said, "Playboy understand my strategy  
Got to know a little somethin' this dope game  
Fall off into this catergory"  
I'm from that real live shit fuck hannabera  
I'm from the eighty four eighty fin era  
I like to sake? em up rattle, baby, got saddle  
If the nigga had a sack could I fuck with that  
Got to blowin' up her head with the chitter chatter  
I'm out the roof of my coupe spittin' game at her I likes to fuck and get up and get on  
I'm eatin' steak on the bone  
And steady stuffin' dick in her dome  
I'm on the phone in my hot tube  
Gettin' my back rubbed on About to fall deep in the zone  
Let a nigga kick back and put ten to the ceiling  
Got my face in the pillow 'cuz I'm lovin' the feelin'  
Ain't nothin' like nuttin' in her jaw  
So damn raw, nipples pokin' out the bra Man in the town I see  
Undertakers, Captain Savers, Cape crusaders, A P.H.er  
Plays in the game gettin' ratted on  
A ba A bitches in the game gettin' over on  
Never tell a bitch all your business  
'Cuz one day she might be an eye witness  
These are the things you need to know man  
This shit I'm spittin', niggas don't understand Understand this shit nigga learn about it  
Ay-thing a nigga spit need to know about it

Ay-thing a nigga spit, nigga know about it  
Soak it up, boy, ya know, ya know  
Ya know, ya know, ya know Fools want to come up but ain't paid dues  
Want to hang around a player lookin' for clues  
Well in my younger days I did dirt  
Put in work, I used to but ki's from Kirk And nigga don't think that I wasn't the man
