

Wu Financial (feat. The Cool Kids)

Asher Roth

[Intro: Asher Roth]

Yeah, yeah, yeah[Verse 1: Asher Roth]

Ayo styles upon styles upon style upon styles

Ain't seen a blond this hot since Barb Wire

Since Limewire been downloading illegally

Ain't bought a CD since like 2003

Nah everything's speeding

Gravity in 3D

Many think we cheated and beat it with Game Genie

PlayStation triple play '98

New York Yanks, San Diego Padres

Nowadays everybody on a X-Box

Generation X triple H trying to X pop

Let's smoke pot while we guessing who's the next Pac

Best top, left breast, save it for the desktop

Rest stop while the truckers getting liquorish

Hard to give a fuck when you barely even give a shit

Look at me I'm egotist

Sipping on that regal piss

Doing shit illegal, get a giggle, hearing people bitch

[Verse 2]

[?] put a slight bend in my bill

Black grand national turn and twisting my wheel

[?] full clip when I steer

The Helly Hansen bubble fitted case it's chilly in here

Rest in peace Uncle Phil, the big willy, the wheel of fortune

The real deal bruh's really doing numbers

Posion [?] with the Air Max [?] summer

The '97 Hummer

[?]

[?] the deck though

On the set though[Verse 3: Asher Roth]

You get no respect hoe

Presto, bless the Pats without Bledsoe

This was '94 bet that I'd be signed to Death Row

Flying in the [?] jet though

Best rolled, sip red cup with [?]

[Verse 4]

Man this how it's about to go down

My yayo in a snow mound

I swan dived into it, the time bomb [?]

[?] make you wanna keep [?]

To rip into your ass if you think about some action
 Splash 'em
 Baby Busch Garden at the crib
 Keep the lemur in the living room
 I know where you live nigga
 You ain't even got no WiFi
 [?] Willy Wonka
 Pocket down Diddy in the middle of his concert
While lifting up some titties so big they make my arms hurt
 Finally Fantasy update on the X-Box 3
 Take a hour and a half, take a shower and a bath
And a walk around the park and the shits still ain't stop yet
 Anniversary boxset edition I got
Cost 11 hundred dollars and I'm missing some shit
