

Fire and the Flood

Vance Joy

I was only walking through your neighborhood
Saw your light on honey in the cold I stood
Anywhere I go there you are
Anywhere I go there you are I been getting used to waking up with you
I been getting used to waking up here
Anywhere I go there you are
Anywhere I go there you are There you are
There you are You're the fire and the flood
And I'll always feel you in my blood
Everything is fine
When your hand is resting next to mine
Next to mine
You're the fire and the flood
Since we met I feel a lightness in my step
You're miles away but I still feel you
Anywhere I go there you are
Anywhere I go there you are
Late at night when you can't fall asleep
I'll be lying right beside you counting sheep
Anywhere I go there you are
Anywhere I go there you are There you are
There you are You're the fire and the flood
And I'll always feel you in my blood
Everything is fine
When your hand is resting next to mine
Next to mine
You're the fire and the flood
Now listen here she said
Boy when you know you'll know
And I know
You're the fire and the flood
And I'll always feel you in my blood
Everything is fine
When your hand is resting next to mine
Next to mine
You're the fire and the flood
