

# A Way To Say Goodbye (feat. Sombear)

## Seven Lions

Teardrops  
Are racing our stopwatch  
Our hope is in a headlock  
Tomorrow always comes too soon  
And it kills to say I knew you'd let me down  
As I fumble for the words to say so long  
For now  
Well every love song will be sung about you  
And every July will go cold without you  
And I'll hold onto every piece of you  
That I made up in my mind  
Until I find a way to say goodbye  
Goodbye  
Goodbye  
Goodbye  
A way to say goodbye  
Goodbye  
Goodbye  
A way to say goodbye  
And every love song will be sung about you  
And every July will go cold without you  
And I'll hold onto every piece of you  
That I made up in my mind  
Until I find a way to say goodbye  
Goodbye  
Goodbye  
Goodbye  
A way to say goodbye  
Goodbye  
Goodbye  
Goodbye  
A way to say goodbye
