

Letters to You

Finch

Can't you see
That I wanna be
There with open arms
It's empty tonight
And i'm all alone
Get me through this one Do you notice... I'm gone?!
Where do you run to
So far away? I want you to know that
I miss you
I miss you so
I want you to know that
I miss you
I miss you so
I'm writing again
These letters to you
On much i know
But I'm not sleeping and you're not here The thought stops my heart
Do you notice... I'm gone?!
Where do you run to So far away?
I want you to know that I miss you
I miss you so
I want you to know that
I miss you
I miss you so
I want you to know that
I miss you
I miss you so
I want you to know that
I miss you
I miss you so
No more looking
I've found home
I want you to know that
I miss you
I miss you so
I want you to know that
I miss you
I miss you so
I want you to know that
I miss you
I miss you so
I want you to know that
I miss you
I miss you so
I want you to know that

I miss you
I miss you so
I've gone away
I've gone away
