

# Cut Off Time (feat. Kat DeLuna)

## Omarion & Kat Deluna

Can you feel the noise?  
'Coz it goes boy, boy, boy  
Can you feel the noise  
Boy, boy, boy? All night I respect your cry  
Don't mean to hit you up on a work night  
But what I gotta do, girl?  
Baby, can't you bend them rules?  
'Coz tonight I wanna bend you  
I promise it won't hurt, oh yes Stop actin' like I'm actin' up  
Cuttin' off the cut up  
Worked up like what the fuck?  
Won't you pick up the phone?  
Girl, I know you alone  
'Coz you the only one, I'm stuck  
Did I miss that cut off time?  
Used to be down, did I drop the dime?  
Hey shawty, I'm comin' home  
Big daddy tryna make you moan  
You gon' miss out She said, "It's cut off time"  
She said, "It's cut off time"  
She said, she said, "No, not tonight  
This time I mean it, mean it" She said, "It's cut off time"  
She said, "It's cut off time"  
She said, she said, "No, not tonight  
This time I mean it, mean it" Boy, we've been through this before  
Boy, don't want this anymore, oh  
Stop frontin', tell me  
Who you think you're foolin'  
Playin' hard to get  
I'm hard to get, oh  
Ain't tryna do nothin', oh, unless it's you  
Tell me that you can resist, girl Stop actin' like I'm actin' up  
Cuttin' off the cut up  
Worked up like what the fuck?  
Won't you pick up the phone?  
Girl, I know you alone  
'Coz you the only one, I'm stuck Did I miss that cut off time?  
Used to be down, did I drop the dime?  
Hey shawty, I'm comin' home  
Big daddy tryna make you moan  
You gon' miss out She said, "It's cut off time"  
She said, "It's cut off time"

She said, she said, "No, not tonight  
This time I mean it, mean it" She said, "It's cut off time"  
She said, "It's cut off time"  
She said, she said, "No, not tonight  
This time I mean it, mean it" Ven conmigo  
Ya no voy contigo  
Y no sabes  
No bonvare  
Like those fresh Where you at, girl?  
Over here, boy  
Where you at, girl?  
Toy aqui Where you at girl?  
What?  
Where you at girl?  
No, where you at? Stop actin' like I'm actin' up  
Cuttin' off the cut up  
Worked up like what the fuck  
Where you at, girl?  
Toy aqui  
Worked up like what the fuck Did I miss that cut off time?  
Used to be down, did I drop the dime?  
Hey shawty, I'm comin' home  
Big daddy tryna make you moan  
You gon' miss out She said, "It's cut off time"  
She said, "It's cut off time"  
She said, she said, "No, not tonight  
This time I mean it, mean it" She said, "It's cut off time"  
She said, "It's cut off time"  
She said, she said, "No, not tonight  
This time I mean it, mean it" It's cut off time, baby
