

# End of the Road (feat. Blackbear)

## Machine Gun Kelly

Yeah, it's a long way home at the end of the road  
I'll be pavin my own way, to the top, I be here to stay  
So take my name, remember this face, keep the change and have a nice day  
And live for the moment, not by the past, homie live each day like it's your last  
All my life, I couldn't fit in, like a bad shoe  
I was always too square, too cube, too tall, too weird, too blue  
Forget them high-school's hotties now I'm too cool  
I guess I came a long way from that young kid  
The school's most popular lame, no friends, no style, no clothes, no ends  
Just a bed, fell asleep, never woke up again  
Yeah, and my last prayer was don't ever let me end up like the people that's down here  
Cause the one that fear change be the one that don't care  
Look at themselves and see somebody else in the mirror  
But you can always pick me out of the crowd  
Loud mouth with my very own style  
And what I know now is don't ever pretend  
And live every single day like you won't see it again  
[Hook: Matt Musto and Machine Gun Kelly]  
So take my name, remember this face, keep the change and have a nice day  
And live for the moment, not by the past, homie live each day like it's your last  
And if you only have 24 hours, 1400 minutes before your dreams gone  
Then you better go live it, cause whatever you love could be taken away  
So live like it's your dying day  
I dedicate this to my teachers that never believed in me  
And the mother that conceived, but ended up leaving me  
I just wish you all can see me smile, this big's grin on the tv now  
And I took it from the bottom to the top  
From the holes in my socks, Ramen noodles in the pot  
Used to rob them on the block, now they stop me in the drop  
Middle finger up and that ain't gonna stop  
I used to take orders, now I make bets  
I used to scrub floors, now I sign checks  
I used to push carts, now I push songs  
I used to be there, now I am so gone  
I fired myself, found a job myself  
Established my name and then I signed myself  
And what I tell myself, is you did this by yourself  
And when I'm on so long, I'll be by myself  
So take my name, remember this face, keep the change and have a nice day  
And live for the moment, not by the past, homie live each day like it's the last  
And if you only have 24 hours, 1400 minutes before your dreams gone  
Then you better go live it, cause whatever you love could be taken away

So live like it's your dying day  
I wish I could see their faces when they heard your boy spit  
Wish I could know what they're thinking when they heard my first hit  
Cause I remember them wishing that I wouldn't get big  
Now I bet they're wishing they wouldn't of said that shit  
I came out of a dying city brought back life  
Everything they said I couldn't do I did about twice  
Multiplied by the bottles that we popped each night  
That equals out to a celebration, bitches more ice  
Make it toast to the underdogs, toast to the team  
Toast to the fact we this close to the dream  
Pour one for my exes, used to talk reckless  
But now I push Benzes and rock Rolexes  
Came from the city and until they come and get me  
Turn around and see the whole east side's still with me  
And that's how we live it, you mans don't change  
Look, it's still the kid, still can't tell me a goddamn thing  
So take my name, remember this face, keep the change and have a nice day  
And live for the moment, not by the past, homie live each day like it's the last  
And if you only have 24 hours, 1400 minutes before your dreams gone  
Then you better go live it, cause whatever you love could be taken away  
So live like it's a dying day  
Yeah, it's a long way home at the end of the road  
I'll be pavin my own way, to the top, I be here to stay  
So take my name, remember this face, keep the change and have a nice day  
And live for the moment, not by the past, homie live each day like it's your last
