

Learned a Lot

Amos Lee

Hey baby, it's all gravy
We all do what we gotta do
Hey darling, I'm broken-hearted
I've been crying, but my crying is through
And I've learned a lot
I've really learned a lot
Broken down on my bedroom floor
Yes, I've learned a lot
I've really learned a lot
I hope you found what you were looking for
Spent a lot of time staring at the ceiling
Spent a lot of time talking to walls
Spent a lot of time chasing that old time feeling
Spent a lot of time waiting on your call
And I've learned a lot
I've really learned a lot
Broken down on my bedroom floor
Yes, I've learned a lot
I've really learned a lot
I hope you found what you were looking for
Oh and darling, the sun has been falling
Like the dust on some Midwestern plain
Oh and darling, instead of running
I think it might be time you sit down
And deal with the pain
Late at night I sit and listen to the freeway
Rolling like a river on a distant shore
Nobody told me that living was easy
I ain't living in fear anymore
And I've learned a lot
I've really learned a lot
Broken down on my bedroom floor
Yes, I've learned a lot
I've really learned a lot
I hope you found what you were looking for
Hope you found what you were looking for
