

# Long Way Down

## Robert DeLong & Jam in the Van

I've been fucking around while you've been saving the world  
I've been out of my mind  
I've been dreaming things and  
scheming things  
I've been smoking the poison  
You've been slinging your anecdotes  
I've been fucking around while you were saving the world  
From nothing  
The end  
The end  
Things will never go our way  
In the end  
The end  
Things will never go  
So take it in don't hold your breath  
The bottom's all I found  
We can't get higher than we get  
On the long way down  
On the long way down  
On the long way down  
Burning light in my eyes  
Blinding me from the truth  
If there's a shadow in me  
The dark is a tidal wave  
Inside of you  
Taking shots of communion  
Getting drunk on your antidote  
I'll save you a seat next to me down below  
The end  
The end  
Everyone will go away  
In the end  
The end  
Everything will go  
So take it in don't hold your breath  
The bottom's all I found  
We can't get higher than we get  
On the long way down  
On the long way down  
On the long way down  
Down, down, down  
So take it in don't hold your breath

The bottom's all I found  
We can't get higher than we get  
On the long way down  
So take it in don't hold your breath  
The bottom's all I found  
We can't get higher than we get  
On the long way down  
On the long way down  
On the long way down
