Why this place is so hurt?

Why this place is so dark?

Oh, I'm going to go to the end of that

Why are you holding on to it?

Why you have to live?

Oh, in endless chaos Now I know my way

The way I have to go

I don't think anyone is ever taught me

I have to walk the world I had to find you

I had to wait for you
Oh at the end of the world Now I know my way
The way I have to go
I don't think anyone is ever taught me
I have to walk the world I have to go find you
I have to walk
