

# Clockwork

## Chelsea Grin

I hear them say  
(They say that you were never real) You look at me  
(And whisper bliss into my ear) So they say  
(They say that time will always heal) But look at me  
(And ask me how I really feel) I can't stop time!  
I can't relive my past!  
I'm left with a vacant memory  
Of how my life is moving way too fast Turn back!  
It's just like clockwork  
(Clockwork)  
Watch me kiss my youth goodbye  
(goodbye) All I wanted was to turn back time  
(turn back the time) The time lays waste to ashes  
My soul lays waste the broken mind yeahh! The time lays waste to ashes  
My soul lays waste the broken mind Turn back  
It's just like clockwork  
(clockwork) watch me Kiss my youth goodbye goodbye  
all I wanted was to turn back time  
(turn back the time)  
I'm begging on my knees!  
Turn back! Turn back! Oh won't you spare me please!  
I'm pleading! I'm grieving! I can't fulfill my eternity  
Eternity, please let me be  
Just let me live again Turn back  
It's just like clockwork  
(clockwork)  
Watch me Kiss my youth goodbye  
(goodbye)  
All I wanted was to turn back time  
(turn back the time) We'll say our good byes  
Than slowly lay down to die  
Our lives like clockwork  
Another second simply flies on by  
Goodbye! (And now they'll say!)  
They'll say that I was never real (Forgotten life!)  
A song that no one sang again (And I will be)  
A memory that will never heal (I turn to god)  
She whispers bliss into my ear It's just like clockwork Just let me go  
(let me go) The time lays waste to ashes  
My soul lays waste the broken mind
