

Sleepless (Radio Edit)

Cazzette & The High

It kills my heart to see
Your eyes are no longer on me
It's critical to me
You stop messing with me It kills my heart to know
You don't think this love could grow
'Cause anywhere you'd go
You know I would follow 'Cause I'm sleepless about you
Sleepless about you
Oh oh oh, oh
Sleepless about you
Oh oh oh, oh
It kills my heart to see
Your eyes no longer on me
It's critical to me
You stop messing with me
It kills my hear to know
You don't think this love could grow
Cause anywhere you'd go
You know I would follow
'Cause I'm sleep
Sleepless about you You kissed my heart you know
Like no one ever did before
And I heard you moved on
Yeah I hear you moved on
'Cause I'm sleepless about you
Sleepless about you
Oh oh oh, oh
Sleepless about you
Oh oh oh, oh You kissed my heart you know
Like no one ever did before
And I heard you moved on
Yeah I hear you moved on I can't get no sleep
I can't get no sleep
I can't get no sleep
Sleep
Sleep
Sleep
Sleep
