

Naked Soul (feat. Liel Kolet)

Last Heroes & Liel Kolet

[Verse 1]

Feels like heaven or am I blind
When you see through me
To the world I keep inside
And all my secrets unravel in your open hands

All I am [Pre-Chorus]

I tried so hard to fight it
But you kept my heart from hiding, oh
And now I'm floating in your ocean
All the walls I built around me
Came crashing now you found me
In the smoke
And now I know

[Chorus]

You're under my skin
As I'm breathing you in now
I'll let you see my naked soul
You broke all my chains
As you ran through my veins
And now you hold my naked soul
So don't let go [Drop]
My naked soul
So don't let go
(don't let go)
My naked soul
My naked soul
My naked, naked soul

[Bridge]

You're under my skin
As I'm breathing you in now
I'll let you see my naked soul
You broke all my chains
As you ran through my veins
And now you hold my naked soul
So don't let go
[Drop][Outro]
So don't let go
My naked soul
So don't let go My naked soul
My naked soul
