

# Roll 'Em Pete

## Count Basie & Joe Williams

Well, I got a gal  
She lives up on the hill  
Well, I got a gal  
She lives up on the hill  
Well, this woman's tryin' to quit me, Lord  
But I love her still  
She's got eyes like diamonds  
They shine like Klondike gold  
She's got eyes like diamonds  
They shine like Klondike gold  
Every time she loves me  
She sends my mellow soul  
Well, you're so beautiful  
You've got to die someday  
Well, you're so beautiful  
You've got to die someday  
All I want's a little loving  
Just before you pass away  
Pretty baby, I'm goin' away  
And leave you by yourself  
Pretty baby, I'm goin' away  
And leave you by yourself  
You've mistreated me  
Now you can mistreat somebody else
