

# Surfing On a Rocket

## Air

Time for flying rockets  
For silver jets  
For surfing bombs  
Surfing on a rocket  
Don't, don't pray to go  
Please take my hand  
Don't get me down  
Surfing on a rocket  
I'll be back one day  
Just pray for me  
I'm on my way  
Surfing on a rocket  
No one can stop me to go  
You'll never see me again  
No one can stop me to go  
You'll never see me again  
No one can stop me to go  
You'll never see me again
