

Ego

Jordin Sparks & Elijah Blake

[Verse 1: Elijah Blake]
Ego, ego
People hurt people with ego
Last night, oh, last night
I fell asleep next to my pride[Pre-Chorus: Elijah Blake]
Love never said it could hurt like this
Tried to pack my regrets, but it just wouldn't fit
'Cause ego, ego
Ego kills much more than people
[Chorus: Elijah Blake]
And I get lonely, lonely
Afraid to let someone hurt me
I get lonely, lonely
Some nights I need someone to hold me
Some nights I need someone to hold me[Verse 2: Jordin Sparks]
I just been runnin' and runnin'
And runnin' and runnin' away from it all, yeah
Find myself trippin' and fallin'
And slidin' and droppin' the ball
Bad times, I've seen bad times
When everything's wrong, I say I'm fine[Pre-Chorus: Jordin Sparks]
Love never said I'd be cursed like this
And with all my regrets, you're the one that I need
[Chorus: Elijah Blake & Jordin Sparks]
And I get lonely (I get lonely)
I get lonely (I get)
Afraid to let someone hurt me (So afraid)
(Don't you hurt me)
I get lonely (Said I get lonely)
Lonely (Said I get lonely)
Some nights I need someone to hold me
(Hold me, hold...)
Some nights I need someone to hold me
