

# Up Periscope

## Drake Bell

If I could have a single wish  
I'd only wish I'd never miss it when you wake up and smile  
It makes me happy when you steal a little kiss  
Before you wake me up to listen to the news for a while  
And when you're creeping outta bed  
I sneak a peak to see just what you were wearing last night  
What was left of ripping off your clothes  
I checked to see the door was closed as you were turning off the light  
Who ever said romance  
was over  
Roll over  
So I can show you  
Don't you want me to be the captain of your submarine up periscope  
That's what I say  
That's just my way  
Of saying that I love you  
(I do)  
My life is like a bowl of cherries  
Not so very ordinary, overflowing with love  
And I could never want four more unless our two becomes a four  
Or maybe three if we practice it enough  
Who ever said romance was over  
Roll over  
So I can show you  
Don't you want me to be the captain of your submarine up periscope  
That's what I say  
That's just my way  
Of saying that I love you  
(I love you) Well I know that life is hard  
I know that love can break your heart  
That's just the way that it is  
Well baby, that's a load of smack  
And don't you know I've got your back and what's important is the way that we live  
And like the way you love this song  
Because it makes you hum along and tap your foot to the beat  
That's the way you make me feel  
When we're doing it for real  
I can feel it from my head to my feet  
Who ever said romance was over  
Roll over  
So I can give you  
One more chance to believe  
And hopefully see  
That I still want you  
Don't you want me to be the captain of your submarine  
Up periscope

That's what I say  
That's just my way  
Of saying that I love you  
(I love you)
