

# Wonder

Alex Nelson

did i say something wrong to you  
that I could have said another way?  
can't figure out just what you're going to do  
don't listen to what they have to say and all this time you were just running  
from all the demons in your head  
can't figure out just where you're going  
you start to leave but then get stuck in here again  
one day soon you'll understand  
and I can't believe  
what's happening  
all of the words you say are just pushing me away and i don't understand  
why you have to leave  
just because things don't work out the way you planned just make believe, just once for me, that  
everything's ok  
if you leave now all that you take are the memories of this place and I can't believe  
what's happening  
all of the words you say are just pushing me away and i don't understand  
why you have to leave  
just because things don't work out the way you planned  
and I...  
die...  
and I  
die...and i don't understand  
why you had to leave  
just because things don't work out the way you planned
