

# Gossip Girl

## Haschak Sisters

I heard that they secretly date  
But like, nobody likes him  
So they're taking a break  
Well... my guess is probably know  
But she changes boys  
Like she changes her clothes  
I heard that it's what we predict  
She couldn't go to the party  
Cause her parents are strict  
I'mma say it but you can't tell  
I heard his brother got in trouble  
And her momma's in jail  
Shhhh  
These aren't my words  
People say it's not true  
But that ain't what I heard  
Shhhh  
Can you keep a secret  
I got all the scoop  
But you better not repeat this Ohh - Did you hear  
Bout the recent rumor let me whisper in your ear like  
Ohh - Get a load of this  
You will not believe all the dirt I got to dish like  
Ohh - Girl I gotta know  
Gotta get the gossip when we talking on the phone like  
Ohh - Buzzin round the world  
I don't wanna be wanna be  
Be a gossip girl  
Don't gossip girl  
I don't wanna hang around a gossip girl  
Cause that's toxic girl  
Every time you come around and gossip girl Tell me what you know  
I won't repeat  
I keep my mouth wide shut  
Ears to the street  
I heard a rumor 'bout you, tell me that ain't so  
Now there's a couple little things  
Yo might like to know  
So gimme da gossip  
The good stuff - the scoop on these females  
The rumors, the stories  
Don't spare me those details

I gotta fill you in on all the topics  
Stop it! go 'head and drop it  
I don't wanna gossipShhhh  
These aren't my words  
People say it's not true  
But that ain't what I heard  
Shhhh
