

and bring sally down
lift and squat
gotta tear the ground
old miss lucy's dead and gone
left me here to weep and moan

bring sally up
and bring sally down
lift and squat
gotta tear the ground
bring sally up
and bring sally down
lift and squat
gotta tear the ground

bring sally up
and bring sally down
lift and squat
gotta tear the ground
bring sally up
and bring sally down
lift and squat
gotta tear the ground

Bring Sally up
and bring Sally down
lift and squat
gotta tear the ground
bring sally up
and bring sally down
lift and squat
gotta tear the ground

bring sally up
and bring sally down
lift and squat
gotta tear the ground
bring sally up
and bring sally down
lift and squat
gotta tear the ground

bring sally up
and bring sally down
lift and squat
gotta tear the ground
bring sally up
and bring sally down
lift and squat
gotta tear the ground

bring sally up
and bring sally down
lift and squat
gotta tear the ground
bring sally up
and bring sally down
lift and squat
gotta tear the ground

bring sally up
and bring sally down
lift and squat
gotta tear the ground
old miss lucy's dead and gone
left me here to weep and moan
