

# Snow Day

## Tacocat

City can not handle snow  
When it sticks, no where to go  
Streets are empty when they're frozen  
Don't you know  
You're stranded  
Jobs are stupid so we quit  
Cars are stuck we let them sit  
And there's nothing wrong with it  
Nothing to do  
Snow day  
Life gets paused  
The snow delays  
Snow day  
Snow day  
We don't miss  
We don't miss the rain  
Everything about this town  
Makes me want to cry or frown  
'Til the snow is coming down  
No, don't you know  
You're stranded  
And the buses left for dead  
Plastic ads made into sleds  
And we'll never go to bed  
Nothing to do  
Snow day  
Life gets paused  
There's no delay  
Snow day  
Snow day  
We don't miss  
We don't miss the rain  
City can not handle snow  
When it sticks, no where to go  
Streets are empty when they're frozen  
Snow day  
Jobs are stupid so we quit  
Cars are stuck we let them sit  
And there's nothing wrong with it  
Nothing to do  
Snow day  
Life gets paused

There's no delay  
Snow day  
Snow day  
We don't miss  
We don't miss the grey  
Everything about this town  
Makes me want to cry or frown  
'Til the snow is coming down,  
Oh don't you know
