

# Fallingwater

Maggie Rogers

Hold on, I thought that I could take it from here  
Oh, I thought that I was gone and I'm cleared  
Now it's getting harder  
Hold on, I thought that I was doing so well  
Oh, like everything was under a spell  
Now it's getting harder  
I never loved you fully in the way I could I fought the current running just the way you would  
And now I'm in the creek  
And it's getting harder  
I'm like falling water  
Go on and tell me just what I'm supposed to say  
As if it could be any other way  
Oh, it's getting louder  
Go on and tell me just how I could allow  
All that's light to end up somehow  
Where it's getting darker  
I never loved you fully in the way I could  
I fought the current running just the way you would  
And now I'm stuck upstream  
And it's getting harder I'm like falling water, falling water, falling water  
And I'm like falling water, set me free  
You were like falling water coming down on me  
I never loved you fully in the way I could  
And I'm like falling water, set me free  
I fought the current running just the way you would  
You were like falling water coming down on me  
And now I'm in the creek  
And I'm like falling water, set me free  
You were like falling water coming down on me  
I never gave you everything, I wish I could  
And it was coming down on me  
I should've seen it coming from where you stood  
And I was standing in the creek  
But now I'm in the creek And I'm like falling water, set me free  
You were like falling water coming down on me  
And I'm like falling water, set me free  
You were like falling water coming down on me  
And it's getting harder  
And it was coming down on me  
And I was standing in the creek  
You were like falling water

I was like falling water in the creek
