

# Rockin' & Rollin' (feat. Lennon & Maisy)

## Nashville Cast

He's right and I'm wrong, this love is good as gone.  
He's pushing, I'm pulling, who did I think I was fooling. He's rockin', im rollin', he's beautiful  
and I'm broken.

I should have known better, thinking this could last forever  
Giving up, giving in, let's call it out for what it is.  
Shoulda known where this was going  
he's rockin', I'm rollin'. He's careful and I'm reckless, don't know what he expected.  
Both young and so stupid, let's blame it all on cupid. He's rockin', im rollin', he's beautiful and  
I'm broken.

I should have known better, thinking this could last forever  
Giving up, giving in, let's call it out for what it is.  
Shoulda known where this was going  
he's rockin', I'm rollin'. We're hanging on lonely, nobody wants to be lonely.  
He's rockin', I'm rollin', he's beautiful and I'm broken.

I should have known better, thinking this could last forever  
Giving up, giving in, let's call it out for what it is.  
Shoulda known where this was going  
he's rockin', I'm rollin'  
i'm rollin'...
