

Cool Down the Pace

Mattafix

Went to a dance last Saturday night.
I was feeling tipsy and the mood was right.
Sight a little daughter and ah step in a de corner.
Cause I feel like dancing all night. But I told her,
Cool down the pace for me little woman.
Your dubbin it too fast for me.
Cool down the pace for me little woman.
That's not how it should be. I told her to try.
I don't know why.
She keep on trying but she can't.
And so she do it how she want.
And so I told her,
Cool down the pace for me little woman.
Your dubbin it too fast for me.
Cool down the pace for me little woman.
That's not how it should be. And I told her,
Cool down, cool down.
I told her,
Cool down, cool down. Went to a dance last Saturday night.
I was feeling tipsy and the mood was right.
Sight a little daughter and ah step in a de corner.
Cause I feel like dancing all night. And so I told her,
Cool down the pace for me little woman.
Your dubbin it too fast for me.
Cool down the pace for me little woman.
That's not how it should be.
She said she would try.
She just don't know why.
She keep on trying but she can't.
And so she do it how she want. And so I told her,
Cool down the pace for me little woman.
Your dubbin it too fast for me.
Cool down the pace for me little woman.
That's not how it should be. And I told her,
Cool down, cool down.
I told her,
Cool down, cool down.
Cool down, cool down. She said she would try.
I don't know why.
She keep on trying but she can't.
And so she do it how she want. But I told her,
Cool down the pace for me little woman.

Your dubbin it too fast for me.
Cool down the pace for me little woman.
That's not how it should be. Cool down the pace for me little woman.
Your dubbin it too fast for me.
Cool down the pace for me little woman.
That's not how it should be.
