

# Radiation Vibe

## Fountains Of Wayne

Are you alone now  
Did you lose the monkey  
He gave you backaches  
Now you slouchHe didn't mean it  
Was just a dumb ape  
Reading Playboy  
On your couchAnd now it's time to say  
What I forgot to say  
Baby, baby, baby,  
C'mon what's wrong  
It's a radiation vibe  
I'm groovin' on  
Don't it make you wanna get some sun  
Shine on, shine on, shine on  
I went to Pittsburgh  
And joined a pro team  
Talk about a bad dream  
I broke a knee  
But I can still croon  
And make the girls swoon  
Isn't that the way life's  
Supposed to beAnd now it's time to say  
What I forgot to say  
Baby, baby, baby,  
C'mon what's wrong?  
It's a radiation vibe  
I'm groovin' on  
Don't it make you wanna get some sun  
Shine on, shine on, shine on  
Do do do do do do do  
Do do do do do do do  
Do do do do do do do  
Do do do do do do doAnd now it's time to say  
What I forgot to say  
Baby, baby, baby,  
C'mon what's wrong?  
It's a radiation vibe  
I'm groovin' on  
Don't it make you wanna get some sun  
Shine on, shine on, shine onBaby, baby, baby,  
C'mon what's wrong?  
It's a radiation vibe

I'm groovin' on  
Don't it make you wanna get some sun  
Shine on, shine on, shine on  
Shine on, shine on, shine on  
Shine on, shine on, shine on
