

# Feel That Way

Caitlyn Smith

You've already put me under your spell  
And you can't tell my heart is on fire  
My head is unwell  
Not knowing when I'll see you again  
And it's burning me down  
The taste of your lips is like the sun on my skin  
I soak it all up and breathe it all in  
And the thought of me waking up on your chest  
Is driving me wild You make me feel like  
You make me feel like  
The shine of a star, the blue of a flame  
Vinyl at midnight, chills on the inside  
From my head to my toes, I know I have been changed  
You make me feel that way  
Holding my breath just to keep it in  
While I spin around in a dream  
Dancing with you  
A string of white lights 'neath the red velvet moon  
I don't wanna wake up You make me feel like  
You make me feel like  
The shine of a star, the blue of a flame  
Vinyl at midnight, chills on the inside  
From my head to my toes, I know I have been changed  
You make me feel that way You make me feel like  
You make me feel like  
The shine of a star, the blue of a flame  
Vinyl at midnight, chills on the inside, baby  
From my head to my toes, I know I have been changed  
You make me feel that way  
You make me feel  
You make me feel that way  
Yeah, you make me feel  
Make me feel that way
