

# Taxi Taxi

Cher

All these streets are never ending  
Tie them in a knot  
Drive me through a red light waiting  
For everyone to stop Sing to me like Pavarotti  
Sing to me of Spain  
Take me to you operetta  
And make it rain Taxi, taxi give me a ride  
I'm gonna take you to the other side  
Taxi, taxi, turn off your lights  
I'm gonna ride with you all night Take me to your meditation  
Take me to your door  
Show me love's sweet revelation  
Lying on your floor  
Hold me in your arms forever  
Take me to the end  
Drive me to the edge of nowhere  
And sing again Taxi, taxi give me a ride  
I'm gonna take you to the other side  
Taxi, taxi, turn off your lights  
I'm gonna ride with you all night You're as cool as Colorado  
And Orpheus on fire  
Crash the car into a rainbow  
Here with me tonight All the satellites are shining  
In the starry sky  
And I can feel your arms surround me  
Higher and higher  
Taxi, taxi give me a ride  
I'm gonna take you to the other side  
Taxi, taxi turn off your lights  
I'm gonna ride with you all night Taxi, taxi  
Taxi, taxi  
Sing to me like Pavarotti  
Sing to me Taxi, taxi give me a ride  
I'm gonna take you to the other side  
Taxi, taxi turn off your lights  
I'm gonna ride with you all night Taxi, taxi give me a ride  
I'm gonna ride with you all night  
Taxi, taxi  
I'm gonna ride with you all night I'm gonna ride with you all night  
I'm gonna ride with you all night  
I'm gonna ride with you all night Taxi, taxi  
I'm gonna ride with you all night

Taxi, taxi  
I'm gonna ride with you all night  
I'm gonna ride with you all night  
I'm gonna ride with you all night  
Taxi, taxi
