

# Figure It Out

Lisa Heller

You said you know best  
But I know myself better than that  
Cause you have your expectations  
But they're not making sense Leave me alone  
Oh, I don't need your pressure  
I got plenty on my own  
I'm so far from home  
I got so much room to grow Everyone I know wants to know what I'm doing  
I don't need to know, need to know right now  
They're all watching and I got options  
Give me some time, give me some time  
To figure it out  
Oh, oh, oh, figure it out  
Oh, oh, oh  
I met someone  
my eyes are open  
That shits confusing  
Cause when you don't  
know what you want  
you don't know what you're losing Leave me alone  
Oh, I don't need your pressure  
I got plenty on my own  
I'm so far from home  
I got so much room to grow Everyone I know wants to know what I'm doing  
I don't need to know, need to know right now  
They're all watching and I got options  
Give me some time, give me some time  
To figure it out  
Oh, oh, oh, figure it out  
Oh, oh, oh  
Everyone I know wants to know what I'm doing  
I don't need to know, need to know right now  
They're all watching and I got options  
Give me some time, give me some time  
To figure it out
