

# Death Stranding

## CHVRCHES

VERSE 1  
Let's make a toast to the damned  
Waiting for tomorrow  
When we're played out by the band  
Drowning out our sorrows  
What will become of us now, at the end of time?  
We'll be fine, you and I  
Let's draw a line in the sand  
Keep it straight and narrow  
We had it all in our hands  
We begged and then we borrowed  
What will become of us all at the end of love?  
When we've stopped looking up?  
CHORUS  
You can take my heart  
Hold it together as we fall apart  
Maybe together we can make a spark in the stars we embark  
And keep us together as the lights go dark  
VERSE 2  
Let's tell the truth, just for once  
Asking for an answer  
Now that it's all said and done  
Nothing really matters  
What will become of us all if we dare to dream?  
At the end of the scene?  
VERSE 3  
Let's open up to the sky  
Ask it for closure  
'Least we can say that we tried  
But it's never really over  
What will become of us all, at the end of the line?  
Will we live? Will we die?
