

# CAN'T GET OVER YOU (feat. Clams Casino)

Joji

I can't get over you  
Can't get over you  
And before I die I pray that  
I could be the one  
That I could be the one  
But I won't be no fun  
If I can't have you no one can  
Limelights, can't allow me  
Can you show me  
To the feeling?  
It felt like, more curse like  
But I want you, and alright (you're alright)  
Tell me more I got a box cutter with your name on it  
Tell me more I can't stay this long on the same topic  
I don't know you, why would I fall in love with you?  
I don't have no social cues  
I'm all for you  
Ay (ha, ha, ha)  
I can't get over you (yeah)  
Can't get over you (yeah)  
And before I die I pray that  
I could be the one  
That I could be the one  
But I won't be no fun  
If I can't have you no one can
