

# Boys Life

## Small Black

In light of love  
You seem remorse  
Comes love  
Lost of wonder  
To see it go  
I don't bother anymore  
A sacred soul  
Hell I've made my one Pictures of you  
Picturing you  
Pictures of you  
Picturing you  
Wandered off to wait  
I see the past  
The undiscovered feelings likely lost  
Floating in on birds  
Can't stand it, it's true  
But if you want to visit you  
I will come  
It's in your mind  
Somewhere you can go  
It's in your mind  
Yet to you alone  
Pictures of you  
Picturing you  
Pictures of you  
Picturing you  
...
