

# Spiderweb

## The Mowgli's

Something is bothering me  
Taking it out on you  
I try to throw it away  
But it will never let loose  
And now I'm drip-dried, tongue-tied  
But that's another story  
Just gotta get through the day  
You just wanna give me away  
In another life I could find a way  
I could fall in love  
In another time, on another day  
I would give it up  
I don't know what to do with myself  
All alone in my head  
I'm stuck in a spiderweb  
What to do with myself  
All alone in my head  
I'm stuck in a spiderweb  
I'm stuck in a spiderweb  
And now I surrender to the  
Don't know what it's gonna be  
Something is bothering me  
Questioning all I believe  
Everytime I ask you why  
You try to buy me with the same old story  
Just gotta look for your faith  
Just gotta look for your strength  
In another life I could find a way  
I could fall in love  
In another time, on another day  
I would give it up  
I don't know what to do with myself  
All alone in my head  
I'm stuck in a spiderweb  
What to do with myself  
All alone in my head  
I'm stuck in a spiderweb  
I'm stuck in a spiderweb  
Don't know what to do with myself  
All alone in my head  
I'm stuck in a spiderweb  
Don't know what to do with myself

All alone in my head  
I'm stuck in a spiderweb  
What to do with myself  
All alone in my head  
I'm stuck in a spiderweb  
I'm stuck in a spiderweb  
I'm stuck in a spiderweb  
I'm stuck in a spiderweb
