

Come Back

Orgy

Bomb breaker
Earth shaker
Like a monkey wrench
A salt shaker
Such a faker
Moon maker
Back breaker
My middle finger's up for the troublemaker Via Sada (/)
Get your fix
Double down
Tinsel town
Now drown those tricks
Locked up in the back of the black and white
Took one for the team tonight You've got me curious
Why you're so furious
Bitch, let your hair down
Shut up and relax awhile Who pulls ya back
You love to serve (/)
Keeps fucking with your learning curve
Bitch, let you're hair down
Try hard not to fake a smile Now I can make you come back
Anytime I want to (want to... want to. want to)
Now I can make you famous
Suck it up and take this (take this... t-t-t-take this)
Bitch, go ahead and let it be
You're gonna make an enemy out of me
Misery loves a little company
So I don't want a kid 'cause you had my baby (/)
Go ahead and let it be
You're gonna make an enemy out of me
Misery loves a little company
So I don't want a kid 'cause you had my baby (/)
Go ahead and let it be Busy little actress
On the mattress
Your aftermath
Is so disastrous
Darth Vader
Agitator
Such a Jedi with your lightsaber
You're a-
Soul taker
Living life on your back tonight

You're a real heartbreaker
Daywalker
Night stalker
Gonna sink in your fangs a little deeper You've got me curious
Why you're so furious
Bitch, let your hair down
Shut up and relax awhile Who pulls you back
You love to serve (/)
Keeps fucking with your learning curve
Bitch, let you're hair down
Try hard not to fake that smile
(Smile...) Now I can make you come back
Anytime I want to (Anytime I want to... I can make you come back)
Now I can make you famous
Suck it up and take this (take this... t-t-take this)
(Take- Take - Take - Take - T-t-t-Take this!) Bitch, go ahead and let it be
You're gonna make an enemy out of me
Misery loves a little company
So I don't want a kid 'cause you had my baby (/) Go ahead and let it be
You're gonna make an enemy out of me
Misery loves a little company
So I don't want a kid 'cause you had my baby (/) (Ay!

Anytime I want to (want to. want to... want to.) Now I can make you come back
Anytime I want to
Now I can make you come back (I can make you come back)
Anytime I want to
I can make you famous
